UNBEATABLE SERVICE AND TOTAL PEACE OF MIND

## VOX 360

Vox 360 is an outstanding hybrid audio guide. A simple switch transforms it from a group tour guide system into a self guiding tool. Its unique optical-reader uses a graphite underlay on specially treated cards to trigger on-board, high-quality audio commentary of points of interest, in the language of the user.

***Vox 360 is used in St Peter's Basilica, Rome, as its official hybrid audio guide system. Over 10 million people from around the globe have used it with complete satisfaction.***

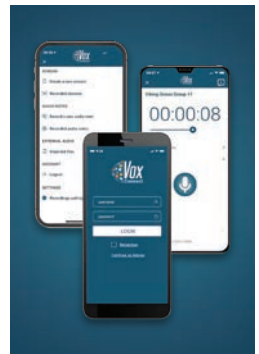

## VOX VDR

Vox VDR combines the latest digital technology with proprietary European engineering to guarantee interference-free audio of the highest quality. This lightweight device has no external aerial, uses intelligent auto-pairing and features 99 secure channels. The 200m range and extended battery life of the VDR are unbeatable, setting new standards for tour guide systems.

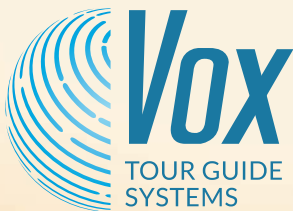

## VOX CONNECT

'Vox Connect' is intelligent smartphone guiding for groups. This sophisticated state-of-the-art app harnesses wireless technology to connect the smartphones of tour guides and their groups. It is simple to set up and use and delivers crystal-clear communication with low latency. Find out more about Vox Connect and Vox Box portable WiFi at [voxtours.com](http://voxtours.com).

SIMPLE. SAFE. RELIABLE.
